

Thumbies® Keepsake Jewelry

Thumbies® offer a great opportunity for a truly personal keepsake. These keepsakes can be created in 14K gold or sterling silver. Each keepsake is individually produced using a “lost wax” process.

The Thumbie® keepsake is made by transferring the print of the thumb or forefinger to artists who will incorporate an exact duplicate on gold or silver.

The back side of the keepsake provides an opportunity for a personal inscription. An engraving of the name, initials, dates or small message are the most frequently sought expressions. Due to their size (*about the size of a dime*), the engraving can be no longer than ten letters.

Thumbie® keepsakes are available with matching chains, birthstones and diamonds.

While originally developed for the memorialization of a deceased individual, the appeal of Thumbie® keepsakes now extends to a large audience. Children's footprints can be cast into gold or silver providing a one of a kind memento for a child or grandchild. The Sterling Silver Charm Bracelet is ideal for those families wishing to incorporate the prints of more than one child. Thumbie® keepsakes make a unique personal gift.
